My dear Mr. Putnam:

I have received your letter of May 5, 1937, concerning the possibility that Miss Earhart will renew her world flight the latter part of May.

It will be necessary to advise the governments concerned of the changes in the plans for the flight. This would be particularly important if the route were altered, as you suggest may be done in the case of Africa.

This matter was discussed informally with an officer of the Department of Commerce, who stated that in view of the changed circumstances it would be necessary to issue a new letter of authority for the flight. He suggested that you be advised to communicate directly with the Department of Commerce, furnishing the latest information concerning Miss Earhart's plans.

Sincerely yours,

Richard Southgate,
Chief, Division of Protocol
