

21.

For His Excellency's Decision.

Canton Island - Ordering of Supplies through Ocean Island.

- (1) Supplies for the British representative on Canton Island were formerly obtained through Suva. There has, however, been no communication with Fiji for some considerable time and it is suggested that the Administrative Officer should, in future, order all his stores, station supplies, etc. through Ocean Island.
 - (2) Should (1) be approved Mr. Fleming requests that he should be informed by headquarters whenever a vessel is about to leave for Canton Island in time to enable him to telegraph his requirements.
-
