(Date)

9th May,

1946

We need wire for the flagpole and 3000 coconuts (brown)
Both "taktaka) and germinating nuts are not required.

Magistrate.

By 1/7/46 P.A. 15/6/46

From: Lands Commissioner, Margaret.

To : District Officer, Canton Island.

No. 1.

(35)

L.A.D.
10th January, 1948.

Recommend you order overseer Gardner cease forthwith
planting operations Nutiran Islet and any other areas where Duka
trees have been established since present information is that
such areas are most poisonous for coconuts -

W.I.
12th January, 1948.

The Chief Lands Commissioner tells me that Duka trees
are most poisonous for coconut trees. There is -uka on Nutiran
so cease planting there forthwith. Tell me what other areas there
are on which -uka is growing. Where the -uka is growing do you
agree that it is poisonous to the coconuts? -

D.O.
