So It Appeared to One Man at  
Least.

If You Desire a Similar Experi-  
ence Read This.

You Have But to Follow a Wise Man's Example,

Why Hesitate.

A new world! Yes, and right in our midst. No brighter and more beautiful existence could be imagined than that which suddenly dawned upon Mr. Joseph A. Calback of No. 224 Maple avenue, Hartford, Conn., who after years of suffering in the gloom and despondency of a clouded life, suddenly threw off the mantle of despair and saw indeed a new and beautiful light.

And what did it?

Read Mr. Calback's own words.

"I was very nervous, despondent, tired out, always sleepy, and had nervous prostration.

"I would have to leave my work and go home, would lose half my night's rest, and had everything to make me feel badly.

"After using four or five bottles of Dr. Greene's Nervura blood and nerve remedy I began to feel better and after a few months I was a new man.

MR. JOSEPH A. CALBACK.

"I take great pleasure in stating that this remedy is the finest and best nerve medicine that I have ever taken and I advise any one suffering from nervous diseases or nervous prostration to use Dr. Greene's Nervura blood and nerve remedy, the best medicine ever discovered."

It is easy to imagine the happiness and contentment experienced by Mr. Calback, who after suffering from the agonies of nervous prostration, being unable to sleep or work: much of the time, was suddenly restored to sound and vigorous health, able once more to take his place among his fellow men and enjoy life to its fullest extent.

What sufferer would not employ any means to pass through such a change.

We cannot but believe that all who are sick, all who are suffering from any of those nervous or chronic complaints which makes life miserable by constant agony, either in mind or body, will immediately procure this valuable remedy and be restored to health.

Dr. Greene's Nervura blood and nerve remedy will do for you all that it has done for Mr. Calback.

Have you weak nerves, bad blood, nervous prostration, indigestion? Then take this discovery of the great specialist, Dr. Greene, and it will build up the nervous system, invigorate the blood, and strengthen the digestive organs, thus enabling you to look at life as indeed another existence. Take it in the early stage of the disease when the symptoms first appear; if the complaint has become chronic do not delay longer.

The doctor can be consulted at his office, 35 W. 14th-st., New York,

free, personally or by letter.
